This is an annual listing of publications of Massachusetts state agencies received by the State Library of Massachusetts during 1979.

Copies of the publications listed may be found in either microfilm or hard copy at the State Library. Periodicals will be found in a separate alphabet at the end of the main listing.

(S) at the end of an entry indicates that the entry includes statistics. In addition, statistics will be found in almost all annual, quarterly, monthly and weekly reports.

All the entries herein are official publications of the Commonwealth. Copies of the publications MUST be requested from the issuing agency, unless preceded by an asterisk (*) which indicates that the publication was issued but is not available for distribution.

Since July 1975 most publications have been microfilmed each quarter as a commercial subscription service, available to interested parties, by Research Publications, Inc., 12 Lunar Drive, Woodbridge, CT 06525. The underlined item number at the end of an entry is the microfilmed finding number for that entry.

ACKNOWLEDGEMENT

I would like to acknowledge two people on the State Library staff who have contributed toward this annual cumulation of Massachusetts publications:

Ms. Lillian Ross, who has had the unenviable task of typing the annual cumulation since its inception in 1962, and each year has done an excellent job.

For the last few years, Mrs. Deborah Pellegrini has compiled the section entitled "Periodicals Received by the State Library". Because of her excellent efforts in instituting bibliographic control over Massachusetts periodicals, this section has proven to be a useful and valuable addition to the annual cumulation.

To them, my thanks.

Susan Dow,
Documents Librarian
